PROFESSIONAL SUMMARY

Experienced Flutter developer with a strong background in building high-quality, cross-platform mobile applications for iOS and Android. Skilled in creating intuitive and responsive user interfaces, implementing state management solutions such as GetX, and Provider, and integrating backend services with RESTful APIs and Firebase. Proficient in using Git for version control, and experienced in deploying apps to the Google Play Store and Apple App Store.

WORK HISTORY

Flutter Developer / Senior Flutter Developer, TecClub 02/2025 – Current | Faisalabad

- Developed and maintained cross-platform mobile applications using Flutter and Dart for both Android and iOS platforms.
- Architected scalable and maintainable app structures using advanced state management approaches like GetX, Provider and Riverpod.
- Integrated RESTful APIs, Firebase (Auth, Firestore, Cloud Functions, Storage), and third-party SDKs to enable real-time features and backend connectivity.

Flutter Developer, APPECIENT 07/2024 – 02/2025 | Faisalabad, Pakistan

- Implemented custom UI/UX designs with pixel-perfect precision, animations, and responsiveness across various screen sizes.
- Used tools like Git, GitHub, GitLab, and Bitbucket for version control and collaborative development.
- Deployed apps to Google Play Store.

EDUCATION

Bachelor's degree in Computer Software Engineering, 09/2024 | Faisalabad
Riphah International University
