SUMMARY

Full Stack & Mobile Application Developer experienced in building scalable Android, iOS, and web applications with Flutter, Next.js, React, Node.js, MongoDB, and PostgreSQL. Skilled in RESTful APIs, Firebase, state management, AWS cloud services, and production deployments, with a focus on clean, secure, maintainable software.

EXPERIENCE

Full Stack Developer | CMIT | Nimble Web Solutions - Jul. 2026 - Present | Faisalabad

- Develop and maintain scalable web and mobile applications, spanning responsive user interfaces, RESTful APIs, and database-backed features.
- Collaborate with cross-functional teams to deliver maintainable, production-ready software solutions.

Full Stack Developer — Self Employed / Anzatexintl — Apr. 2026 – Jul. 2026 | Faisalabad

- Built and maintained a full-stack application using Node.js, Next.js, and modern frontend technologies.
- Designed and deployed AWS infrastructure using EC2, S3, IAM, and SES, and managed server configuration, deployments, and monitoring.
- Contributed to system architecture decisions focused on scalability and performance.

Flutter Developer / Flutter Backend Developer — TecClub — Feb. 2025 – Apr. 2026 | Faisalabad

- Architected scalable and maintainable application structures using GetX, Provider, and Riverpod.
- Integrated RESTful APIs, Firebase Authentication, Firestore, Storage, and third-party SDKs to support real-time features and backend connectivity.

Flutter Developer — APPECIENT — Feb. 2024 – Feb. 2025 | Faisalabad, Pakistan

- Implemented custom UI/UX designs with responsive layouts and smooth animations across different screen sizes.
- Developed and optimized mobile applications including social networking, chat, and rental platforms, and deployed applications to Google Play.

PROJECTS

Anzatexintl – E-commerce Platform | Next.js, Node.js, Express.js, AWS EC2, S3 | anzatexintl.com

- Developed a full-stack e-commerce platform with a Next.js frontend and Node.js + Express.js backend.
- Designed a secure RESTful API for product management, authentication, and order processing.
- Deployed the application on AWS EC2 and integrated Amazon S3 for product image storage and delivery.

FoodDash – Food Ordering Platform | Full Stack Project | [Google Play](https://play.google.com/store/apps/details?id=com.fooddash)

- Built a complete food ordering platform connecting customers and restaurants, supporting online ordering, payments, real-time order tracking, and restaurant management.
- Delivered supporting web experiences for platform administration and customer-facing workflows.

Production Mobile Applications | VPN & Utility Apps

- Released multiple applications including Kryptonome VPN, Kestrel VPN, GShield VPN, Goto VPN, Seel VPN, Oryx VPN, Quixure VPN, and Pixel Count ML across the Apple App Store and Google Play.

RemoveFlow – Automatic Background Remover | removeflow.netlify.app

- Created a free web tool that automatically detects and removes image backgrounds with a simple upload workflow.

Resumely – Resume Builder Tool | Web App | resumely-bice.vercel.app

- Built a web-based tool to help users create and manage professional resumes.

DevKit – Developer Tools Suite | Web App | dev-kit-omega.vercel.app

- Developed a collection of developer utility tools accessible through a single web platform.

Drive Nexa | Web App | drive-nexa.vercel.app

- Built and manage an online vehicle blog covering automotive news, reviews, and content.

FlutterLearn – Flutter Educational Platform | Web App | flutter-learn-delta.vercel.app

- Built a Flutter-focused educational website featuring 20+ tutorials to help developers learn Flutter.

EDUCATION

Riphah International University Islamabad – Faisalabad Campus

Bachelor's degree in Computer Software Engineering | Sep. 2024 | Faisalabad

TECHNICAL SKILLS

Languages & Frameworks: Flutter, Dart, JavaScript, Next.js, React, Node.js, Express.js, NestJS
Databases & Backend: MongoDB, PostgreSQL, RESTful APIs, Firebase (Auth, Firestore, Storage)
Mobile & State Management: GetX, Provider, Riverpod
Cloud & Deployment: AWS EC2, S3, IAM, SES; Vercel; Netlify

CERTIFICATIONS & COURSES

- AWS Cloud Practitioner Essentials — Amazon Web Services
- Professional C# Certification — Microsoft
- AI Foundations — OpenAI
- Applied AI Foundations — OpenAI
- Agents and Workflows — OpenAI
- Building AI Agents with MongoDB — MongoDB
- Introduction to Model Context Protocol — Anthropic
- Claude Code in Action — Anthropic
- Claude 101 — Anthropic
- Claude with Amazon Bedrock — Anthropic
- Cybersecurity Essentials — Cisco
- Networking Basics — Cisco
